

CML Microsystems, Inc. quality policy is to apply and continually improve our Quality Management System to meet or exceed our customers' expectations.

The principles guiding CML Microsystems, Inc. are:

- unquestionable ethics and integrity
- respect for the individual
- total customer satisfaction
- Quality first: profit is by-product
- provide equality and reward initiative

CML Microsystems, Inc. commitment to quality is shown through the patterns of behavior displayed by its employees:

- Commitment to CML Microsystems, Inc. Mission and Principles
- Basing decisions on facts
- Making decisions within scope of responsibility
- working hard
- being loyal
- being a quality advocate for the customer
- teamwork
- openly expressing opinions
- making CML Microsystems, Inc. a great place to work
